

The Bay Village Condos

For many years the former Smithport Hotel and former White House Hotel on South Ocean Avenue have been an eyesore and the subject of many complaints and code violations. These buildings were finally condemned, and together with several homes to the south of the former Smithport were demolished in 2006 to clear the site for the Bay Village Condominium project.

The White House, in the foreground, and the Smithport in January 2006.

January 23, 2006, the last moments of the Smithport.
