

The Four Corner's Group Picture 1993

As part of the 100 Year Anniversary celebration of the Village of Patchogue, a group picture of Patchogue citizens was arranged at the Four Corner's. The picture was taken by Jim Mooney with a camera that could take a 360 degree picture. This was a repeat of the picture taken in 1944, which was at that time sent to soldiers from Patchogue. The original picture is ultra wide and it has to be shown in sections to fit the format of this book.
