

The plant of the Hiscox Chemical Works stood on the southwest corner of Rider Avenue and the railroad tracks. David Hiscox started this business at 163 Williams Street in New York in 1876. He moved it to Long Island City in 1883 and to Patchogue in 1893. The following were some of the Hiscox products: Parker's Hair Balsam, Greere's Ointment, Hindercorns, Parker's Ginger Tonic, and Florestone Shampoo.

Parker's Hair Balsam has been used with success for more than 60 years, and has received the cordial endorsement of many. Its great popularity shows that the standard of merit maintained by us in the manufacture of this preparation is appreciated by the public.
