Patchogue N. Y.

Dear Sir,

I'd be very pleased
to tell you lots of little
stories of what I done but here's
one that I will not forget.
while unloading heavy
shells, in the Woods of
Willie Cortter's a German
shell burst near by
which was a piece of

2
A sharp end struck me in
the right leg and a
twig of a tree struck me
in the neck and I was
trown right of the truck
~~while I had~~ and I happened
to have a case of 75 shells
in my hand which fell
on top of my right arm
and fractured it.

That was March 27, 1918
Then May 27, ^{as soon as}
I came out of Hospital I

3 got a ~~dose~~ dose of
Mustard gas which I
am suffering from it
yet,

Well I am sorry
I am not in Patchogue
at present but I expect
to be there soon, But
you can ~~orig~~ write to
above address for my folks
there and they will
send me ~~any~~ mail.

I am Respectfully
yours Herbert Lutz,
