Will you please fill out the items on the inclosed card and return to me at your early convenience? We would also like your picture, if possible to get it, and any items of interest connected with your service which you would be willing to send.

Thanking you for the favors, I am,

Sincerely and loyally yours,

Envelope inclosed for reply

Dear Sir. Have only group pictures. These two German propaganda pamphlets may give you an idea as to what our leaders had to guard against in relation to the morale of their troops. Such things as these are more deadly than bullets. Will you kindly return same after using

*Sincerely yours

WHAT ARE YOU STILL FIGHTING FOR ?

Have you not obtained all you need for an acceptable peace ?

Ye Britons, Americans, Frenchmen and Belgians, Don't ye know that Germany is ready to negotiate about Alsace-Lorraine ? That the German people explicitly accepted President Wilson's principles of a just peace and league of nations ?

Don't you all know that there might be a truce to fighting now and peace by Christmas, if you accept Germanys liberal offers?

Don't you know that Germany has offered to withdraw all German troops behind her frontiers ?

Some of your newspapers are still prating of an easy march to Berlin, of a dash to Heligoland. Why not to the moon ? It is so easy for those scribes in their safe and comfortable swivel chairs to plan dashes into the teeth of the enemy.

What do you say to these dashed dashes ?

Too many German machine guns and too much artillery, eh ?

What do you say to a fifth winter in the trenches, with all their mud and slime ?

Why must you endure all this and make even more onslaughts no an unbroken foe ?

IS it because your civilian leaders have not had glory enough ?

Is it because your war profiteers at home have not garnered enough illgotten gains ?

(over)

Is it because the owners of lying and corrupt newspapers still want to enjoy the intoxicating sensation of seeing millions of brave men fighting and bleeding for the fulfilment of their lying predictions ?

Can you really believe that Germany has held out for four long years only to be delivered over into the hands of these greedy and bloodthirsty war agitators ?

If you want an honest understanding with Germany, you know that you can have it by accepting the German offer of an armistice.

Would you not rather save your lives and your health, thereby furthering the happiness of your families and dear ones at home, than to further the greedy ambition of lying war agitators ?

Or would you really rather shed more of your life blood before the German lines merely for the satisfaction of your war profiteers ?

THE GERMAN PEOPLE OFFERS PEACE.

The new German democratic government has this programme:

"The will of the people is the highest law."

The German people wants quickly to end the slughter.

The new German popular government therefore has offered an

ARMISTICE

and has declared itself ready for

PEACE

on the basis of justice and reconciliation of nations.

It is the will of the German people that it should live in peace
with all peoples, honestly and loyally.
popular

What has the new German government done so far to put into
practice the will of the people and to prove its good and upright
intentions ?

a) The new German government has appealed to President Wilson
to bring about peace.

It has recognized and accepted all the principles which President
Wilson proclaimed as a basis for a general lasting peace of jus-
tice among the nations.

b) The new German government has solemnly declared its readiness
to evacuate Belgium and to restore it.

c) The new German government is ready to come to an honest under-
standing with France about

ALSACE LORRAINE

d) The new German government ^{has} restricted the U-BOAT WAR

No passengers steamers not carrying troops or war material will be
attacked in future

(over)

e) The new German government has declared that it will withdraw all German troops back over the German frontier.

f) The German government has asked the Allied Governments to name commissioners to agree upon the practical measures of the evacuation of Belgium and France.

These are the deeds of the new German popular government.

Can these be called mere words, or bluff, or propaganda?

Who is to blame if an armistice is not called now ?

Who is to blame if daily thousands of brave soldiers needlessly have to shed their blood and die ?

Who is to blame if the hitherto undestroyed towns and villages of France and Belgium sink in ashes ?

Who is to blame , if hundreds of thousands of unhappy women and children are driven from their homes to hunger and freeze ?

THE GERMAN PEOPLE OFFERS ITS HAND FOR PEACE.
